## WATER

### SLEEK AND SOPHISTICATED

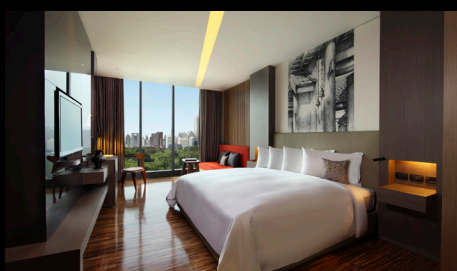

Organic curves like flowing water, onyx glowing against cool dark marble. Drink in skyline panoramas from every vantage point.

## EARTH

### STYLISH AND MYTHICAL

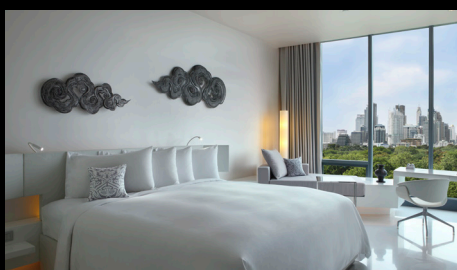

An enfolding haven adorned by Thai primeval wall paintings – mythical creatures, shadows flickering in the light.

## WOOD

### CALM AND AFFECTIONATE

Enter a calming oasis, murals sketched on silk evoking old Siam, alive with colour and the touch of a master.

## METAL

### PURE AND ELEGANT

Frenetic Bangkok comes to a halt. A collage of metal, whites and glass. A transcendence of time and space.
